CONTACT: Tony Aguiar

CASE FILE: UTU-71573, Diversified Stone Products

DATES OF CONTACT: Given below

PHONE NUMBER: (435) 743-5842

FIELD OFFICE: Richfield

DATE OF PREPARATION OF THIS CONFIRMATION: April 18, 2007

SUBJECT: Phone Calls with Mr. Aguiar.

COMMENTS:

April 9, 2007: Mr. Aguiar left a message that I listened to on Tuesday, April 10. Mr. Aguiar reported that he had delayed changing the track belt on his excavator to Monday, as Friday was Good Friday.

April 12: I called Mr. Aguiar to check on status as to whether he had begun the reclamation work. I left a message on his phone.

April 16: Mr. Aguiar called me. He had been Nevada until Sunday. He reports that he cannot repair his excavator and plans to rent one. He plans to call several rental companies, including Scots in Cedar City and Rasmussen at an undisclosed location. I also mentioned Wheeler in Salina and Kim Dalton in Circleville as possibilities. He stated that he would call me, when he has found suitable equipment to rent.

April 18: I called Mr. Aguiar and left a message, requesting an update of his efforts to find equipment and to start the reclamation work.

Mr. Aguiar returned my call and left a message. He plans to pick up an excavator Friday morning and begin work this weekend.
